Introduction

The most important rules!

a) you must be gentle with her

b) be able to feel her body and anticipate desires.

Most women prefer romance and a missionary posture with kisses on the lips, face, ears, neck, chest. BDSM and dirty “sweet tricks for the guys” from porn almost none of the girls do not like. Only if the partner herself asks for a pose from behind or grab her by the neck or her hair.

No sharp entrance to the anus without warning and spanking at the fifth point!

Or a woman will simply get the impression that you are a close guy who does not get out of porn sites.

The topics that we will be discussing with you in this manual:

Prelude and atmosphere.

What exactly you should not do in bed for men.

Men’s myths and misconceptions about women’s pleasure.

Tips and tricks for sex. She just like it!

The most acceptable and beloved by women poses.

The ideal duration of sexual intercourse for a woman.

My partner does not get an orgasm, how can she help her?

The size of a penis is important for a girl or not?

“After-party”.

Prelude is an important stage in sex

Prelude begins not with caresses and undressing, but long before that. The sweetest sex is sex for love or passion. To do this, you need to fall in love with a girl / woman. So she wants you.

Do not drag your girlfriend to bed on your first date! Even if she herself asks for intimacy on her first date! Whatever the beautiful sex, in the future, it will cause unpleasant feelings for her. For example, you might think that in your eyes unworthy courtship and romantic attention, but looks just like for sex. Such a beginning has no continuation. And these guys / men are then not considered good lovers, but they are only disliked and disgusted towards them.

How to “prepare” a girl?

- a) Attention to it. Lovely gift (better done with your own hands) – a picture or a pleasant trifle.
- b) Cinema, cafe, restaurant, walk around the city or park.
