## Salomy Jane

### I

## A Kiss and an Escape

Only one shot had been fired. It had gone wide of its mark,—the ringleader of the Vigilantes,—and had left Red Pete, who had fired it, covered by their rifles and at their mercy. For his hand had been cramped by hard riding, and his eye distracted by their sudden onset, and so the inevitable end had come. He submitted sullenly to his captors; his companion fugitive and horse-thief gave up the protracted struggle with a feeling not unlike relief. Even the hot and revengeful victors were content. They had taken their men alive. At any time during the long chase they could have brought them down by a rifle-shot, but it would have been unsportsmanlike, and have ended in a free fight, instead of an example. And, for the matter of that, their doom was already sealed. Their end, by a rope and a tree, although not sanctified by law, would have at least the deliberation of justice. It was the tribute paid by the Vigilantes to that order which they had themselves disregarded in the pursuit and capture. Yet this strange logic of the frontier sufficed them, and gave a certain

dignity to the climax.

"Ef you've got anything to say to your folks, say it *now*, and say it quick," said the ringleader.

Red Pete glanced around him. He had been run to earth at his own cabin in the clearing, whence a few relations and friends, mostly women and children, non-combatants, had outflowed, gazing vacantly at the twenty Vigilantes who surrounded them. All were accustomed to scenes of violence, blood-feud, chase, and hardship; it was only the suddenness of the onset and its quick result that had surprised them. They looked on with dazed curiosity and some disappointment; there had been no fight to speak of—no spectacle! A boy, nephew of Red Pete, got upon the rain-barrel to view the proceedings more comfortably; a tall, handsome, lazy Kentucky girl, a visiting neighbor, leaned against the doorpost, chewing gum. Only a yellow hound was actively perplexed. He could not make out if a hunt were just over or beginning, and ran eagerly backwards and forwards, leaping alternately upon the captives and the captors.

The ringleader repeated his challenge. Red Pete gave a reckless laugh and looked at his wife.

At which Mrs. Red Pete came forward. It seemed that she had much to say, incoherently, furiously, vindictively, to the ringleader. His soul would roast in hell for that day's work! He called himself a man, skunkin' in the open and afraid to show himself except with a crowd of, other "Kiyi's" around a house of women and children. Heaping insult upon insult, inveighing

against his low blood, his ancestors, his dubious origin, she at last flung out a wild taunt of his invalid wife, the insult of a woman to a woman, until his white face grew rigid, and only that Western-American fetich of the sanctity of sex kept his twitching fingers from the lock of his rifle. Even her husband noticed it, and with a half-authoritative "Let up on that, old gal," and a pat of his freed left hand on her back, took his last parting. The ringleader, still white under the lash of the woman's tongue, turned abruptly to the second captive. "And if *you*'ve got anybody to say 'good-by' to, now's your chance."

The man looked up. Nobody stirred or spoke. He was a stranger there, being a chance confederate picked up by Red Pete, and known to no one. Still young, but an outlaw from his abandoned boyhood, of which father and mother were only a forgotten dream, he loved horses and stole them, fully accepting the frontier penalty of life for the interference with that animal on which a man's life so often depended. But he understood the good points of a horse, as was shown by the one he bestrode—until a few days before the property of Judge Boompinter. This was his sole distinction.

The unexpected question stirred him for a moment out of the attitude of reckless indifference, for attitude it was, and a part of his profession. But it may have touched him that at that moment he was less than his companion and his virago wife. However, he only shook his head. As he did so his eye casually fell on the handsome girl by the doorpost, who was looking at

him. The ringleader, too, may have been touched by his complete loneliness, for *he* hesitated. At the same moment he saw that the girl was looking at his friendless captive.

A grotesque idea struck him.

"Salomy Jane, ye might do worse than come yere and say 'good-by' to a dying man, and him a stranger," he said.

There seemed to be a subtle stroke of poetry and irony in this that equally struck the apathetic crowd. It was well known that Salomy Jane Clay thought no small potatoes of herself, and always held off the local swain with a lazy nymph-like scorn. Nevertheless, she slowly disengaged herself from the doorpost, and, to everybody's astonishment, lounged with languid grace and outstretched hand towards the prisoner. The color came into the gray reckless mask which the doomed man wore as her right hand grasped his left, just loosed by his captors. Then she paused; her shy, fawn-like eyes grew bold, and fixed themselves upon him. She took the chewing-gum from her mouth, wiped her red lips with the back of her hand, by a sudden lithe spring placed her foot on his stirrup, and, bounding to the saddle, threw her arms about his neck and pressed a kiss upon his lips.

They remained thus for a hushed moment—the man on the threshold of death, the young woman in the fullness of youth and beauty—linked together. Then the crowd laughed; in the audacious effrontery of the girl's act the ultimate fate of the two men was forgotten. She slipped languidly to the ground; *she* was the focus of all eyes,—she only! The ringleader saw it and his opportunity. He shouted: "Time's up—Forward!" urged his horse beside his captives, and the next moment the whole cavalcade was sweeping over the clearing into the darkening woods.

Their destination was Sawyer's Crossing, the headquarters of the committee, where the council was still sitting, and where both culprits were to expiate the offense of which that council had already found them guilty. They rode in great and breathless haste,—a haste in which, strangely enough, even the captives seemed to join. That haste possibly prevented them from noticing the singular change which had taken place in the second captive since the episode of the kiss. His high color remained, as if it had burned through his mask of indifference; his eyes were quick, alert, and keen, his mouth half open as if the girl's kiss still lingered there. And that haste had made them careless, for the horse of the man who led him slipped in a gopher-hole, rolled over, unseated his rider, and even dragged the bound and helpless second captive from Judge Boompoiner's favorite mare. In an instant they were all on their feet again, but in that supreme

moment the second captive felt the cords which bound his arms had slipped to his wrists. By keeping his elbows to his sides, and obliging the others to help him mount, it escaped their notice. By riding close to his captors, and keeping in the crush of the throng, he further concealed the accident, slowly working his hands downwards out of his bonds. Their way lay through a sylvan wilderness, mid-leg deep in ferns, whose tall fronds brushed their horses' sides in their furious gallop and concealed the flapping of the captive's loosened cords. The peaceful vista, more suggestive of the offerings of nymph and shepherd than of human sacrifice, was in a strange contrast to this whirlwind rush of stern, armed men. The westering sun pierced the subdued light and the tremor of leaves with yellow lances; birds started into song on blue and dove-like wings, and on either side of the trail of this vengeful storm could be heard the murmur of hidden and tranquil waters. In a few moments they would be on the open ridge, whence sloped the common turnpike to "Sawyer's," a mile away. It was the custom of returning cavalcades to take this hill at headlong speed, with shouts and cries that heralded their coming. They withheld the latter that day, as inconsistent with their dignity; but, emerging from the wood, swept silently like an avalanche down the slope. They were well under way, looking only to their horses, when the second captive slipped his right arm from the bonds and succeeded in grasping the reins that lay trailing on the horse's neck. A sudden *vaquero* jerk, which the well-trained animal understood, threw him on his haunches with his forelegs

firmly planted on the slope. The rest of the cavalcade swept on; the man who was leading the captive's horse by the *riata*, thinking only of another accident, dropped the line to save himself from being dragged backwards from his horse. The captive wheeled, and the next moment was galloping furiously up the slope.

It was the work of a moment; a trained horse and an experienced hand. The cavalcade had covered nearly fifty yards before they could pull up; the freed captive had covered half that distance uphill. The road was so narrow that only two shots could be fired, and these broke dust two yards ahead of the fugitive. They had not dared to fire low; the horse was the more valuable animal. The fugitive knew this in his extremity also, and would have gladly taken a shot in his own leg to spare that of his horse. Five men were detached to recapture or kill him. The latter seemed inevitable. But he had calculated his chances; before they could reload he had reached the woods again; winding in and out between the pillared tree trunks, he offered no mark. They knew his horse was superior to their own; at the end of two hours they returned, for he had disappeared without track or trail. The end was briefly told in the "Sierra Record:"—

"Red Pete, the notorious horse-thief, who had so long eluded justice, was captured and hung by the Sawyer's Crossing Vigilantes last week; his confederate, unfortunately, escaped on a valuable horse belonging to Judge Boompointer. The judge had refused one thousand dollars for the horse only a week before. As the thief, who is still at large, would find it difficult to dispose of

so valuable an animal without detection, the chances are against either of them turning up again."
